

Hey ya'll, Happy New Year and welcome back to a new season. Is everyone ready to turn and burn? I decided to take a chance and schedule a Feb. show even though we have been rained out for the last 4 yrs. I'm still looking for someone to step up and do 1 newsletter, if we get 6 people, that's only 1 time for the whole season. There are only 6 in a season and I will put up the events. I just need some news, someone to tell me what goes on out there at each show, something new to report. I want to thank everyone for all their help at these shows because we couldn't run it without you so everyone please step up and try to run at least one event or one time only that way the same families that always help get to sit and enjoy the show also. Don't forget our Raffle items and our time only tickets go towards our year end awards. If anyone knows someone that would like to donate a car, house or any item for our raffle please let me know! When having a flag presentation by our Drill Team or an appearance by our Royalty Court please give them your undivided attention and let's show them we appreciate what they do. Let's give them the same respect we give our entrants.

You must ride in all Point Events at a show to get credit for that show and you must ride in 7 shows to qualify for year end awards. Payback is open to any and everyone but if you want to win the cash you must ride in all point events. The payback will be the last event.

VERY IMPORTANT You must show your membership card at sign up or you will have to pay the non member fee. There are NO EXCEPTIONS so please do not ask.

Thank you Paula at Crazy Horse for your continued support.
